

FINAL

The Board of the Council of Nordic Medical Associations*, meeting in Reykjavik on 16th September 2004

decides the following:

MINDFUL of the resolution made by the medical associations of the Nordic countries (Denmark, Finland, Iceland, Norway and Sweden) in 1986 where they in recognition of human integrity declared it indefensible for any physician to participate in any act connected to and necessary for the administration of capital punishment,

NOTING that the death penalty is still in force in several countries of the world,

DECLARES that the death penalty is an unacceptable form of punishment as it violates the fundamental human right to life.

*The Council of Nordic Medical Associations is a forum for co-operation between the five Nordic medical associations.
